

MFS-100

Metal Fused Switches

Product Description

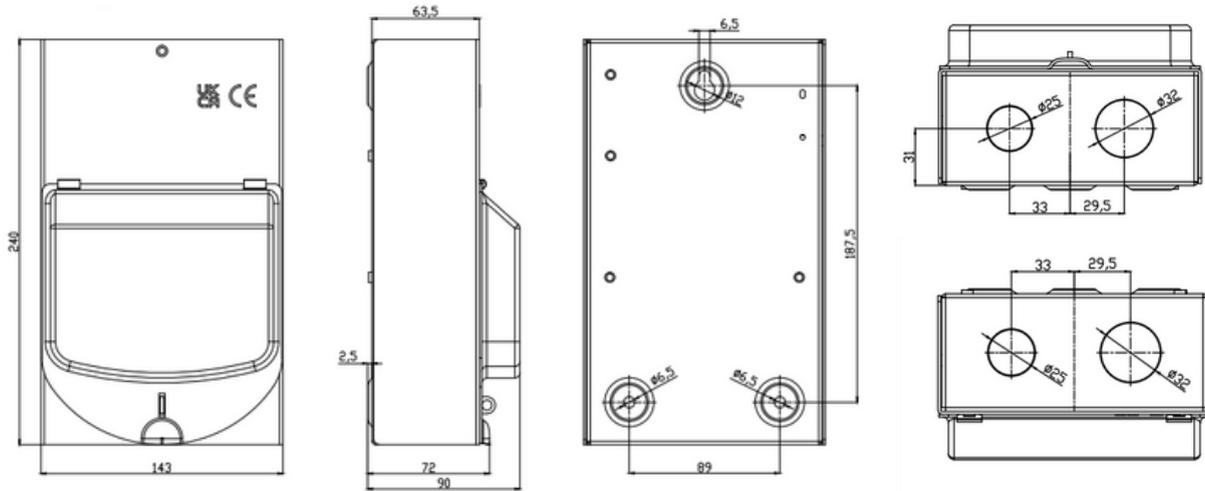

100A Fused Switch 1P + N
(includes 63, 80, 100A Fuses)

The main technical parameters

Part Numbers	MFS-100
Maximun Load	100A
Fuse Size	22x58mm
Fuse Type	gG(General purpose)
Teminal Capacity	35mm ²
IP rating	IP40
Standard	IEC 60269-2 60269-3 EN 61439-3 EN 60947-3
Knockouts	32+25mm top and bottom
Recommended torque settings	2.5Nm for all terminals
Rated Current Ie	100A
Rated Operating Voltage (Ue):	230V 50Hz
Number of Poles	1P+N
Finish	Powder Coated Matt

Product and installation dimensions(MM)
